

# MT 350

MODELS 36V | 48V | 48V HD

## PRECISE HITCHING JUST GOT EASIER.

We've redesigned our hardworking tow tractor to make precision hitching safer and easier than ever – even when working with multiple trailers. Sure, the MT-350 is still a rugged, low-to-the-ground AC-powered vehicle boasting up to 9,070 Kg. towing capacity and our signature recessed dual headlights. But now it also has a central driving position that puts the rear hitch and all driver controls within easy sight and reach. Other new standard features? Dust- and water-proof electrical components, vastly upgraded differential and steering, leaf springs rear suspension, and more. Popular options include a light bar with LED lights, front/back bright blue vehicle-approaching lights, full wrap-around protection bumper, and an extra robust unhooking lever. EE rating available.

MODELS	LOAD CAPACITY (Kg.)	TOWING CAPACITY (Kg.)	PASSENGERS	SPEED (Kmh)	TURNING RADIUS (mm)
36V	230	7,250	1	12.8	2,060
48V	230	7,250	1	12.8	2,060
48V HD	230	9,070	1	12.8	2,060

## FEATURES

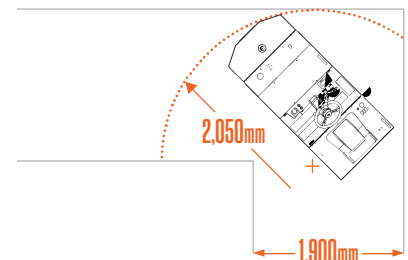

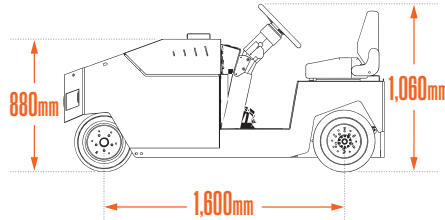

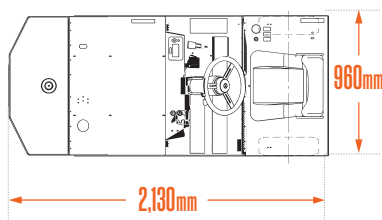

- AC controller with sealed connectors paired with multifunction display
- Versatile, heavy-duty hitches 2
- Robust long-life residual battery
- High-efficiency asynchronous AC/ Direct drive motor
